

About:

Atmosfera® Standard builds on Arktura's experience designing and manufacturing custom solutions to deliver a dynamic, scalable, and affordable family of modular ceiling systems. Choose from linear, organic, and faceted designs, offered in a wide range of colors. With modules available in Arktura's Soft Sound® acoustical material (100% PET plastic with up to 50% recycled content), Atmosfera® Standard can transform the aesthetics of your space while drastically reducing sound reverberation.

Modular & Dynamic
